

LIFE DEFENDERS 2018

MAKING THE CASE FOR LIFE

Life Defenders is a free, two-level workshop designed to equip middle school students on up to adults to become effective ambassadors for life.

Many people today reject or are indifferent to the pro-life view, often because they've never heard the pro-life position presented in a compelling manner. Life Defenders will prepare you to confidently communicate the pro-life position to others. Using science and philosophy, you will learn to simplify the abortion debate and graciously speak to the most pressing moral issue of our time: abortion.

This year we will be offering Course 101 for new students and Course 201 for returning students.
