

Join Teens for Tomorrow!

Teens for Tomorrow is a youth philanthropy group for high school students from Rock Island County, Illinois and Scott County, Iowa. These young leaders become philanthropists by learning about community needs, developing a grant opportunity, evaluating applications, making site visits, and awarding grants. Each year, Teens for Tomorrow awards **more than \$10,000** to nonprofits meeting a variety of needs in the Quad City Area.

Teens for Tomorrow Members develop leadership and communication skills, earn service hours, and get a unique opportunity to make a difference in their community.
