First Day of School

Traditionally, AHS students are persuaded by their parents to pose for a first day of school picture, and we are sharing a few with you below!

FRESHMAN ORIENTATION

All freshmen and new students gather in the auditorium to start orientation, Each student is given a bag bag that contains various orientations documents and class schedules. They will then go through a modified class schedule to get them used to classroom locations, negotiating hallways, and to help them feel more comfortable on their first day!

Walking the halls of AHS

Freshman roam the halls to get used to their home for the next 4 years!

2027

Gym Class

The student-only portion of Freshman Orientation is devoted to meeting teachers, learning student schedules, accessing lockers, and familiarizing students with lunch procedures.

Locating Lockers

During orientation, all students are assigned a locker, and given a combination. Staff and Ambassadors help kids locate their lockers and help with combinations - not at as easy as it seems.

Cafeteria

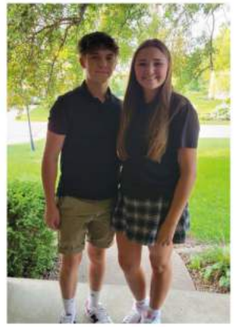

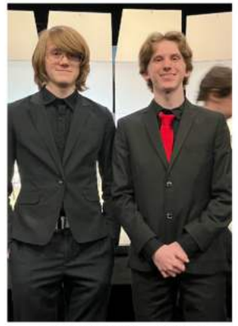

Lunch can be another stressful event. Above: Mr. Weaver gives students the run down on cafeteria rules.

Stage crew at work.

The fall play, "The Curious Savage," was a comedy about a wealthy widow Ethel whose step-children had her committed to a psychiatric unit for wanting to use her money to help people pursue their dreams. Ethel sends the children on a wild goose chase for the money and makes friends with the other patients who help Ethel keep the money from the children and in the end overcome some of their own issues.

"The Curious Savage was such a fun show! Since it was a smaller cast, I feel like we all became very close with each other. Everyone in the show, both actors and tech, are so talented, and I'll always cherish all the amazing memories I made in this show."

Almost Friday

HIGH WINDS AND DRY WEATHER ignited the deadliest U.S. wildfires in 100 years, striking popular Hawaiian tourist destination Lahaina, Maui on Aug. 8, 2023. Firefighters brought the fires under control after the blazes damaged more than 2,200 structures and took more than 100 lives. As Lahaina grappled with the aftermath, citizens created the grassroots Maui Collective to provide assistance to families displaced by the fires.

CUP-TIVATING VICTORY

OLGA CARMONA'S goal in the 29th minute was the difference as Spain held on to beat England 1–0 in the Women's World Cup Final. It marked the first time in federation history the team raised an international trophy. Carmona also scored the winning goal in the semifinal against Sweden, which had defeated the U.S. 5–4 in penalty kicks in the Round of 16.

WHAT STARTED AS A JOKE on social media turned into a cultural phenomenon packing movie theaters and breaking box office records. When fans realized *Barbie*, a movie about the doll of the same name, and *Oppenheimer*, a historical drama about the creator of the atomic bomb, were set to debut on the same day, social media quickly created memes to promote "Barbenheimer" as a double-feature event. Dressed in pink or wearing clothes to match J. Robert Oppenheimer, fans came out in droves, sending the box office total for the two movies to more than $1 billion in seven days. *Barbie* broke multiple records during its theatrical run, setting new standards for the biggest opening by a female director for Greta Gerwig, the highest opening for a non-sequel and the highest grossing film in Warner Brothers history. Not to be outdone, *Oppenheimer* set the record for highest grossing biographical movie of all time.

surging TIDES

WAVES HIGHER THAN 30 FEET crashed onto California and Oregon beaches in Dec. 2023 and Jan. 2024, injuring onlookers and destroying property. The waves, caused by stormy weather in the Pacific Ocean and high sea levels, caused significant coastal flooding and erosion.

TWITTER'S TRANSFORMATION

ELON MUSK sent social media abuzz when he announced the platform known as Twitter would rebrand to simply "X" in July 2023. Musk bought the platform in October of the previous year for $44 billion, and hired former NBC Universal marketing executive Linda Yaccarino as the CEO in June 2023.

WINTER'S WRATH

FROM COAST-TO-COAST, freezing temperatures and snow caused mass disruption to schedules for nearly two weeks in Jan. 2024. Frozen roads and downed power lines caused Oregon to declare a state of emergency, and residents had no power for days. New York Governor Kathy Hochul delayed the Buffalo Bills' divisional playoff game against the Pittsburgh Steelers by two days. A lack of blood donations in five states brought a halt to elective surgeries. Because not enough lawmakers could make their ways to the Capitol to vote, the West Virginia Legislature could not meet.
